That is the first name

Jin's name decided on during the

early stages of his manga's

creation, which is where it

came from

167 is the "Tendo" family's ver-

sion of 4... Furthermore, it

means how little some

competition... As for the "Ath,"

I have always liked that number-

three type Ath means "person

made of a mystery" and

strong-looking. Therefore,

"Mystery man is a man with much

negative connotations like "he

looks like he won't become

like you, so of get."

characters in volume  
2.

THANK YOU

I am happy that  
everyone gets  
their chapters now!

For the profiles are already  
not in order. Can't lose their  
story?

According to you I open the  
missing volume things (page 14)  
for the volume 2 (page 14)  
the characters' names  
that if I do that then the  
strength of a story 2 (page 14)  
back into a little more for  
her. Yeah, it's a rough and  
I know!

At long last, thank you  
very much!
